

Appl. No. 09/768,712  
Amdt. Dated December 18, 2003  
Reply to Office Action of July 31, 2003

Attorney Docket No. 81922.0005  
Customer No.: 26021

### **REMARKS**

Applicants appreciate the thorough examination of the application that is reflected in the Office Action dated July 31, 2003. Applicants amend claims 1-6 to remove the reference numerals and place the claims in proper U.S. format. These amendments do not alter the scope of claims, but are instead made to avoid any inference that the claims should be construed as being limited by the embodiments to which the reference numerals refer.

Claims 1- 6 are pending in the application. Reexamination and reconsideration of the application are respectfully requested.

#### **Art-based Rejections**

The Official Action rejects claims 1-6 under 35 U.S.C. 102(e) as being anticipated by Kim (USPN 6,466,292).

Applicants respectfully traverse these rejections for at least the following reasons. The Kim reference was filed in the U.S. on June 19, 2000. The present application claims priority from Japanese Patent Application Nos. 2000-019183 and 2000-019184 filed January 27, 2000, and 2000-020702 filed January 28, 2000.

Submitted herewith are certified English translations of the priority documents. Certified copies were previously submitted to the Office. Applicants respectfully submit that the priority documents satisfy the enablement and description requirements of 35 U.S.C. § 112, first paragraph. As such, Applicants have perfected their claim of priority under 35 U.S.C. 119 (a)-(d). Applicants' foreign priority filing date antedates the Kim reference, and therefore Applicants request that the rejection based on the Kim reference be withdrawn.

In view of the foregoing, it is respectfully submitted that the application is in condition for allowance. Reexamination and reconsideration of the application, as amended, are requested.
